Copy No. 12
6 APR 1975

MEMORANDUM FOR: NSCIC Working Group

SUBJECT: RONI

1. Per approval of the DCI and after discussion at USIB I am sending you the most recent edition of the Review of National Intelligence (RONI), prepared in my staff. We plan to produce the next issue sometime in October, and to make that and subsequent issues available to you on a regular basis.

2. RONI has met with a largely positive response within the Community, and a number of people outside my staff seem eager to contribute articles or letters to it. We welcome such contributions, and hope that consumers will also respond with comments, questions, and frank criticism where necessary. We would like to publish consumers' views, with their permission of course.

3. We do not consider a given issue of the RONI as the final word on the Community products addressed in it, but at least each RONI provides a basis for an exchange of views on how to make product improvements. We can and do update material published in the RONI; our initial conclusions on the Mayaguez affair are a case in point. Also, from time to time we will include material on a variety of topics directly requested by the DCI.

4. I look forward to your comments on the RONI.

Signed
Samuel V. Wilson
Lieutenant General, USA
Deputy to the DCI for the
Intelligence Community
