Zad 11

Last weekend, on Saturday I spent on my land in Biskupice near Opatów. I drove there with my parents and my little sister. The weather was beautiful. My mother planted bushes out. Then I watered new bushes. My sister played in a garden then she played with cat. My father repaired our fence. When we finished our work my

father had barbecue. I was fun because I spent whole day on clear air. On Sunday I spent at home because it was raining.
