Arlecchino 

(I apologize for not replying, I have a family event for the weekend)

Arlecchino continued to give out small, but loud moans throughout the touch, her breath becoming more shallow as she continued to grasp at Zoe's hair. The hand that wasn't in her hair at this point was on the back of her head, squeezing and keeping her head down on Arlecchino's top sensitive area. Her eyes were still closed tight in a pure ecstatic of feelings, her body shaking violently, her moans increasing in volume
